The main content area features a search bar with the text "Search thousands of blogs that reach 26 million women" and a "Search Tech" button. Below the search bar is a featured blog post titled "How to Text for Free" with a photo of a woman looking at her phone. To the right of the featured post is a "Follow BlogHer" section with social media icons for Facebook, Twitter, RSS, and others. Below that is a "Featured Blogger" section for "Net Lingo", which includes a description: "Net Lingo helps you keep up with Internet jargon and acronyms by publishing one of each a day. What a great way to tell the difference between those who are JHO and those who are JW."
