

Netlingo: Texting Codes for Parents

Friday, 05 Jun 2009

WASHINGTON - Kids today operate in a high-tech world, but their parents can still catch on to some of their secret codes-- and bust the trend known as "sexting."

This site contains [the Top 50 Acronyms Every Parent Needs to Know](#) . It provides a chart of the acronyms used in this risqué form of texting, some of which are used to warn of the presence of parents in the room.
