This months WEBSITE OF THE MONTH AWARD goes to: netlingo.com

QUALITY -> 4 stars

FUN FACTOR -> 5 stars

CONTEND -> 4 stars

AWSOMENESS -> 6 stars

TOTAL SCORE -> 5 stars

These guys are great and I just love their terrific site! The sites Theme is: NetLingo has thousands of definitions that explain the online world of business, technology, and communication, plus the largest list of text and chat acronyms ;-). Very interesting information! Our review team had fun checking this site out. It was very informative, easy to browse categories, the design rocks and so much fun overall. NetLingo.com is a "MUST VISIT".
